SALT LAKE CITY, UTAH: SATURDAY, JULY 4, 1885.

NO. 26.

THE APACHES.

President Cleveland Interviewed on their Account.

GENERAL GRANT'S LETTER.

The Mrs. Dudley—Hanson Wins Case More—Cheering News—Cholera—Not Killed.

AFTER THE APACHES.

Complaints from Settlers in Regard to the Red Devils.

WASHINGTON, July 3.—Mr. C. Gordon Adams, today, called upon President Cleveland and presented the preamble and resolution recently adopted at the meeting of residents of Cochise County, Arizona, to the effect that the attempt to keep Apache Indians on the San Carlos reservation has proved a disastrous failure, and expressing the belief that it is the sentiment of all residents of the Territory, except those who desire the Territory to some region where it will be impossible for them to continue their outbreak. Mr. Adams also presented an address to the President, reviewing in detail the history of the various outbreaks of the Apaches, and asking that steps be taken to remove them from the San Carlos reservation, and locate them on Oklahoma lands in Indian Territory. If it should be found impracticable to remove all the Indians from the reservation, then it is desired that definite measures be adopted to prevent all those who have engaged in outbreaks, or are likely to do so, from remaining on or returning to it.

THE SURE REWARD.

He Confessed the Deed, and the Woman Must be Protected.

CHARLOTTE, N. C., July 3.—John Hogan, a negro, who criminally assaulted Mrs. Burner, a respectable widow, near Wadesboro, was discovered yesterday morning by a party of seventy men, to whom he confessed his crime, and gave a detailed account of the deed. His captors then took him to Wadesboro, and at 2 o'clock strapped him up to a tree near the court house. His body was riddled with bullets, and a placard was placed on his breast which read as follows: "This man confessed the deed, our women must be protected."

Indignant Strikers.

CHICAGO, July 3.—At the open-air meeting of upward of 3,000 strikers and sympathizers, which was still in progress at 11:30 o'clock, it was announced that Patrick Conley, an aged engineer, who was severely clubbed by Capt. Binfield, of the police force, this morning, had died of his injuries. Though the meeting was an orderly one, great indignation was expressed, some speakers going so far as to say, lynching was the proper punishment for Mayor Harrison and members of the police force, who, acting under his orders, had ordered such brutal treatment to unoffensive persons.

The Cherokee Strip.

WASHINGTON, July 3.—Complaints were received at the Interior Department that cattle men who hold leases on lands in the Cherokee strip of the Indian Territory, forcibly obstruct and prevent the passage of cattle from Texas to the northwest through the strip. The Secretary has announced that the established cattle trails through that country are free to drivers, and that the right of passage will be maintained by all the power of the United States government.

Not Killed.

SAN FRANCISCO, July 3.—The Chronicle's Tucson, Arizona, special: The reported killing of Gen. Garcia in an engagement with the Yaquis in Sonora is denied in a letter to the Mexican consul at Valparaiso here. The letter states that Gen. Garcia arrived at Guaymas a few days ago, with the prisoners taken in the engagement in which he was reported killed.

Honoring America.

SCENES ON THE RHINE, July 3.—The town will be resplendent with bunting to-morrow in honor of the American Independence anniversary. A detachment from independent New York rifle-men will go to Coblenz on Monday to present the Emperor a superb bouquet of flowers. Rhine steamers will fire salutes as a compliment to the visitors.

Canadian Pacific.

ST. PAUL, July 3.—Manager Van Horn is in the city, and says the Canadian Pacific is to be completed through to the Pacific in seven weeks. The western terminus will be at Vancouver.

"Was ever woman in this humor?" "Was ever woman in this humor?"

Of course not. Don't try to make love to a woman who is all out of sorts with dyspepsia or nervous prostration. First make her a present of a bottle of Brown's Iron Bitters. Then when her digestive apparatus is in order, and her nerves toned up, go and see her. Mrs. Seal of Clinton, La., says, "My health has been greatly improved by using Brown's Iron Bitters." It cures dyspepsia, indigestion, etc.

General Grant.

Mr. McGowan, N. Y., July 3.—General Grant required little attention of the doctor last night. During the twelve hours from 9 o'clock last night until 9 o'clock this morning the patient slept fully eight hours. He awoke shortly before 9 o'clock this morning, and announced his intention of being dressed at once. This was done and he went out on the piazza, which he did. He strolled the length of the cottage on the veranda and then sat in his chair enjoying the bright fresh air. The clouds had gone and the sunshine was warm and grateful. The General's movements are firmer this morning; his strength seems greater than than at the beginning of the week, and there are today, those in the family who have a firm belief that the General may live until autumn. Those near to the patient feel today not a little encouraged. It transpires that General Grant as early as 6 o'clock this morning, did some writing, during an interval of wakefulness, before his final rousing for the day.

Mr. McGowan, July 3.—Between 2 and 3 o'clock this afternoon General Grant was wheeled in his chair to the hotel. His appearance was the signal for a general rising and values from the guests on the veranda, which he returned briskly. After being wheeled around the hotel, he was returned to the cottage.

Dr. Sands left New York at 11:15 tonight for Mt. McGregor.

The Ute Indians.

WASHINGTON, July 3.—The following telegram relative to the Ute Indians was received at the War Department this afternoon from Schofield: "Gen. Anger telegraphs the following from Col. Bradley: Col. Swain telegraphs that the Ute chiefs promise not to make any more reprisals for the killing of the Ute family on the Dolores. He says full rations should be issued immediately to those Indians to prevent them leaving their reservation to hunt. I invite attention to the immediate necessity for feeding these Indians, so as to prevent them leaving their reservation. It is impossible to prevent trouble between them and cowboys if they leave the reservation to hunt."

Withdraws its Demands.

LONDON, July 3.—The French government has withdrawn its demand for a fixed date upon which the English troops shall evacuate Egypt, and offers to leave the period to the discretion of the English government. If Lord Salisbury will admit the principle of evacuation.

Mr. Waddington, French ambassador at London, has also made conciliatory overtures regarding the question of control of the Suez canal. This change of attitude on the part of the French government is attributed to enterprise between Lord Salisbury and Prince Bismarck.

Mrs. Dudley.

NEW YORK, July 3.—Mrs. Lucille Yacult Dudley was taken to the Middletown Insane Asylum to-day. She bade farewell to the matron and keeper of the Jefferson Market Police prison, in an off-hand hearty way, and seemed quite willing to go to the asylum, she carried in her satchel over 500 letters she had received from all over the country, congratulating her on the verdict which declared her to be insane.

O'Donovan Rossa.

ST. LOUIS, July 3.—O'Donovan Rossa arrived here from New York to-day, and to-night held a secret conference with the Fenian Brotherhood, which is alleged to have been devising means to increase the dynamite fund, by obtaining money from the Fenian picnic at Lindell Park, and is expected to make a speech.

Hanson Wins Again.

WATERTOWN, July 3.—Hanson and Lee rowed three miles with a turn at Sylva Lake, St. Lawrence County, today, for a purse of \$10,000. Hanson won easily in 15 minutes, 22 seconds. The race was witnessed by a large crowd of spectators. Hanson and Lee will row at Clayton, to-morrow, for a purse of \$500.

Cheering News.

WASHINGTON, July 3.—The marine hospital bureau is informed that the suspicious cases of fever at Cape Charles quarantine hospital are reported as being typho-malarial fever, instead of yellow fever. The bureau is also informed that cholera is decreasing in Calcutta.

League of American Wheelmen.

BUFFALO, July 3.—The League of American Wheelmen now in session in this city held their annual parade this morning on the asphalt pavement. About 600 bicyclists were in line in the gay and picturesque uniforms. This display was the best ever made by the League.

Cholera.

MADRID, July 3.—Yesterday's reports from the cholera districts are as follows: Aranjuez, 89 new cases and 62 deaths; Valencia, city, 159 new cases and 109 deaths; Valencia, province, outside of the city, 391 new cases and 257 deaths.

ATLEE'S AGUE CURE is a powerful tonic bitter, composed wholly of vegetable substances. Its action is peculiar, prompt and powerful, breaking up the chill, curing the fever, and expelling the poison from the system, yet leaving no harmful or unpleasant effect upon the patient. Sufferers from chills and fever who have used quinine as a remedy will appreciate this.

QUARANTINING.

Precautions Against Contagious Diseases.

USUAL RAILROAD ACCIDENT.

The Sure Reward—Indignant Strikers—The Cherokee Strip—Floods—Poor McCullough.

QUARANTINE REGULATIONS.

Precautions to Prevent the Spread of Contagious Disease.

WASHINGTON, July 3.—The Secretary of the Treasury, to-day, issued the following circular in regard to the precautionary measures against the introduction of contagious diseases into the United States:

"In order to assist local authorities in the maintenance of quarantine against the introduction of infectious diseases, as provided in section 4,782 Revised Statutes, unreplicated portion of the act of April 29, 1878, and recent appropriations, authorizing the President to maintain the quarantine at points of danger, the President has determined to reestablish, by means of vessels of revenue marine, the national patrol coast of the United States, so far as it may be practicable under existing law and consistent with the performance of other duties confided to that service. You are accordingly directed to cruise actively with the revenue steamer under your command upon the outer lines of your cruising grounds, and to exercise special vigilance in speaking to all vessels arriving from foreign ports or from southern points of the United States, directing your inquiries first as to the port from which vessel sailed, and secondly as to the health of those on board at the time of the departure and at the time of sailing, and should the information gained indicate a condition of contagion or infection in the vessel or crew, or that the vessel has left the port at which contagious or infectious diseases were prevailing, her master will be directed to proceed for examination to the outer quarantine station provided for her port of destination.

The following regulation will be observed relative to the inspection of vessels: If a vessel be found with sickness on board, or in a foul condition, she will be directed to proceed to the quarantine station herein before indicated, and the revenue marine officer will immediately notify the proper quarantine officer. In such case, no person will be permitted to board the vessel until the medical officers in charge of the quarantine shall have given the usual permit. Should the pilot or master of the vessel, when hailed, report a case of recent or present sickness on board, the revenue officer will not board, but will send her immediately to quarantine.

A SOLID COMMISSIONER.

If the Indians are Disarmed, the Cowboys Must Also Put Away Their Guns.

WASHINGTON, July 3.—Ex-Delegate Quay, of Arizona, and Hughes, of that Territory, called upon the Commissioner of Indian Affairs to-day, to urge the disarming of Indians of the San Carlos reservation in Arizona. They expressed a belief that this movement or measure, if adopted, would prevent the conflicts that were shown to be impending between the Indians now on the reservation and white settlers. Commissioner Atkins met the request with the proposition that the cowboys also be disarmed, and then proceeded to expound his views upon the Indian question at some length. He said he failed to see any reason why the cowboys should carry arms when the Indians were disarmed, and added that it was entirely improper for any person white, black or red, to be permitted to ride around the country with Winchester rifle and army revolver, free to shoot any one on sight.

The Usual Accident.

FOUR SCOTT, Kan., July 3.—A railroad accident occurred on the Kansas City, Springfield & Memphis Railroad, between Arcadia and Liberal, about twenty-five miles south of this city. The heavy rains of the last few days had caused the streams to swell to an unusual extent, and as freight train No. 8, in charge of Conductor Ed. Thomson, passed over the small stream at that point, the bridge gave way and the engine and sixteen cars were precipitated into the water. The conductor was in the cab at the time and he, with the engineer, Robt. Ross, and fireman, Wm. Reynolds, went down with the engine, and all three were drowned. BOSTON, July 3.—The train leaving Boston at 6 o'clock to-night, on the Boston, Revere Beach & Lynn narrow gauge, struck a carriage at Winthrop junction, containing P. J. Olander, his son Frederick, his daughter Clara, and a hired man, named Los Millan. Mr. Olander and his son were instantly killed. Millan was terribly injured and died within half an hour, and Clara Olander received internal injuries that will prove fatal.

"She tried her pretence 'and on man, And then she formed the ladder, O!" "What is woman's worth?" asked a fair damsel of a crusty old bachelor. He did not know, so she said: "W. O. man (double you O man). But a woman feels worth little if disease has invaded her system and is daily sapping her strength. For all 'female weaknesses,' Dr. R. V. Pierce's 'Favorite Prescription' stands unrivaled. It cures the complaint and builds up the system. Send two letter stamps for pamphlet to World's Dispensary Medical Association, Buffalo, N. Y."

THE CHEROKEE STRIP.

Trouble Over Its Use as a Trail for Cattle.

GALVESTON, July 3.—A dispatch from Austin to the News says: The Hon. J. D. Sayres was in conference to-day with John T. Lytle, president of the Southern Live Stock Association, in regard to the reported interruption to the passage of Texas cattle to Colorado over the trail agreed upon at the Dallas convention.

Mr. Sayres telegraphed to the Secretary of the Interior as follows: It is reported that Texas cattle are being prevented from passing through the Cherokee strip, a distance of about forty miles, to reach Colorado. If true, the immediate loss will result to parties having driven from Texas about 50,000 head of cattle upon the faith that they will be permitted to pass through. Immediate action should be taken to keep the route open or great injustice will be done, resulting in a heavy loss to Texas cattlemen, without any benefit to any one except for speculative purposes. Have written you fully."

Geo. Sayres saw Governor Ireland and at his instance the governor sent Secretary Lamar the following dispatch: "There are now on the border about 50,000 cattle, on their way to the northern markets from Texas, and federal officers, said to be United States marshals, have notified the owners that they cannot pass along the agreed trail across the southwest corner of the Cherokee nation. It is credible that this is done at the instance of the Interior Department. I shall not believe it until I know that it is other. With other obstacles thrown in the way of Texas commerce by Kansas and Nebraska, this is added for the purpose of getting the cattle at nominal figures. It will prove disastrous in the extreme, and I earnestly request that you give such orders at your earliest convenience, as it will allow these men to get to market."

Mr. Lytle left to-day for the trail. The cattle on the trail are from South and Southwestern Texas. No answer have yet been received to the telegram to Secretary Lamar.

OUT AND IN.

The New Democratic Governor for Montana.

HELENA, Mont., July 3.—With the appointment of Samuel T. Hauser, Governor of the people of Montana are largely contented. He is the first citizen of the territory named for that office. The Herald, (republican,) says: Hauser is a staunch democrat, and an affable, genial gentleman, who never uttered a word of disloyalty or bitterness even in the heat of political strife, enlisted the warmest of his southern neighbors. No citizen of his politics could have been appointed with assurances of general satisfaction.

Of the present Governor, Carpenter, the same paper says: "He goes out of office with honor to himself and to the trust he has well and faithfully discharged. His disposition, meaning simply that he is a Republican, and, as such, in the Executive chair, is 'offensive' to a Democratic President."

No Hope for McCullough.

NEW YORK, July 3.—The Mail and Express publishes a special dispatch from Philadelphia giving the result of an interview with W. F. Johnson, attorney for John McCullough's wife. In reply to a question as to whether there is any hope of Mr. McCullough's ultimate recovery, Mr. Johnson is quoted as saying that physicians at Bloomsdale informed Mrs. McCullough that while her husband might have periods of apparent improvement, his disease was progressive paralysis of the brain and was absolutely incurable, ending within one or two years with either imbecility or death.

Father Murphy Restored.

ROME, July 3.—The Pope has received Father Murphy and restored him to the position from which he was suspended for supporting Parnellites.

A Walking Skeleton.

MR. E. W. SPRINGER, of Mechanicburg, writes: "I was afflicted with lung fever and abscesses on lungs, and reduced to a walking skeleton. Got a free trial bottle of Dr. King's New Discovery for consumption, which did me so much good that I bought a dollar bottle. After using three bottles I found myself once more a man, completely restored to health, with a hearty appetite and a gain in flesh of forty-eight pounds." Call at Z. C. M. I. Drug Store, and get a free trial bottle of this certain cure for all lung diseases. Large size, \$1.

The Floods.

KANSAS CITY, Mo., July 3.—Journal's Leroy (Ks.) special says: Neosho River at this point is at a stand. All the harvested wheat has been swept away, and much live stock was drowned and the loss property will be very heavy.

When on the High Seas.

On the rail, on a steamboat, aboard a fishing smack, or yachting on the coast, Hostetter's Stomach Bitters will be found a reliable means of averting and relieving ailments to which travelers, mariners and emigrants are peculiarly subject. Sea captains, ship doctors, voyagers or sojourners in the tropics, and all about to encounter unaccustomed, an unaccustomed or dangerous climate, should not neglect to avail themselves of this safeguard of well ascertained and long-tried merit. Constipation, biliousness, malarial fevers, indigestion, rheumatism and affections of the bladder and kidneys are among the ailments which it eradicates, and it may be resorted to not only with confidence in its remedial efficacy, but also in its perfect freedom from every objectionable ingredient, since it is derived from the purest and most salutary sources. It counteracts the effects of unwholesome food and water.

Baseball.

DETROIT, July 3.—Boston 1, Detroit 6. CHICAGO, July 3.—Chicago 2, New York 6.

BUFFALO, July 3.—Buffalo 6, Philadelphia 5. ST. LOUIS, July 3.—St. Louis 2, Providence 3.

"Knead on Pain" Plaster: Pains and aches, improved, the best for backache, pains in chest or side, rheumatism, Neuralgia. 2c. Druggists or mail.

BARRY AND FAY.—This well known company will appear at the Theatre on July 11th and 12th—Saturday and Monday—playing "Irish Aristocracy" on Saturday and "Dynamite" on Monday.

Faded But Not Lost.

It does not follow because the complexion has lost its polish, clearness and transparency in consequence of age or sickness, that those charms are irrecoverable. Even the dulliest skin may obtain freshness and bloom by the use of "Glossy Sulfur Soap," which seems to stimulate the fibres, and promote a healthful circulation in the superficial vessels. Beware of counterfeits. See that "C. N. CHITTERTON, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists at 25 cents; three cakes 60 cents. Where the frosts of age have fallen either on the ringlets of the belle or the whiskers of the beau, "HARRIS' LAXATIVE SOAP HAIR DYE" may be recommended as a peerless remedy. Its brown and black are nature's own. Its cheapness unparallelled.

DIED.

JAMES.—In the Fifteenth Ward, July 2d 1885, at 6 p. m., of pneumonia, Mary James, wife of James James.

Born in Glamorgan-shire, South Wales November 2d, 1835. Came to Utah in 1862 and has been a faithful member of the Mormon Church since that time. Funeral services at the Fifteenth Ward Meeting House on Sunday at 10 a. m.

NEW TO-DAY.

School Trustees' Notice.
